

SUS304 Stainless steel sink dish rack

Installation manual

First of all, thank you for buying and using our products. Please read the instructions carefully before you use the products.

Installation Notes

1. Please confirm whether the product attachment is complete before assembling.
2. Assemble correctly according to the instructions.
3. Assembled on a flat floor.
4. Please put the rubber pad, screw and other parts out of children's reach when assembling.

Using Tips

1. In order to avoid overturning, deformation and breakage, please don't put it in an uneven place.
2. Please don't put it in a bad balance.
3. Please don't put things in the same place to prevent rollover.

Maintenance Suggestions

1. Please stop using when there is damage or deformation in use.
2. Every 2-3 months, carefully check whether any screws are loose in each part, and tighten them.
3. Please wipe the stain with a clean cloth, if the stain is dirty, it should be cleaned with a neutral detergent.
4. Please do not use alcohol or banana oil and other chemical solvents to clean the product to avoid discoloration.
5. Please do not repair or modify the product by yourself to avoid affecting the service life.
